## SUMMARY

---

Passionate Fullstack Developer with expertise in building responsive and user-friendly web applications using modern technologies such as React, Next.js, Express, MongoDB and Tailwindcss. Proficient in creating dynamic and responsive front-end interfaces and robust back-end. Skilled in implementing RESTful APIs, ensuring cross-browser compatibility and optimizing application performance. Known for analytical thinking, creativity, a keen eye for detail and the ability to collaborate effectively with cross-functional teams to deliver high-quality solutions. Always eager to learn and adapt to emerging technologies.

## EDUCATION

---

**Bachelor of Technology in Computer Science and Engineering** **August 2019 - July 2023**  
Malla Reddy Institute of Technology and Science,Secunderabad,Telangana  
CGPA: 7.51

**Intermediate in Maths,Physics,chemistry** **June 2017 - March 2019**  
Sai Sri Junior College,Sircilla,Telangana  
Percentage: 97.2%

**SSC** **March 2017**  
Zilla Parishad High School,Sircilla,Telangana  
GPA: 9.3

## PROJECTS

---

**Ecommerce Website (React JS,Express,MongoDb,TailwindCss )** **Github**

- Developed a responsive full-stack e-commerce web application using React, Express and MongoDB.
- Implemented core e-commerce features including product catalog, searchbar,shopping cart,order summary and user authentication.
- Implemented ContextApi for state management.
- Integrated secure payment gateway for seamless transaction processing.
- Created responsive and user-friendly Interface for optimal experience across all devices.
- Implemented REST APIs to efficiently connect the backend with the frontend.

**Cars Management System (React JS,Express,MongoDb)** **Github**

- Developed a responsive full-stack web application for managing the cars, enabling the users to create,view,edit and delete car listings .
- Implemented features like user authentication,search bar for global search through all the cars.
- Built frontend using ReactJs and TailwindCSS.
- Designed RESTful APIs for user and product management using ExpressJs and MongoDB.

## TECHNICAL SKILLS

---

- **Programming Languages:** Core Java, Javascript
- **Web Technologies:** HTML, CSS
- **Frameworks:** Springboot, ReactJs, NextJs, ExpressJs, TailwindCss, Bootstrap
- **Database:** MySQL, MongoDB
- **Development practices:** Responsive Design, Component-based Architecture
- **Tools:** Git, Github, Babel, Webpack, NPM, Postman

## SOFT SKILLS

---

- Strong Analytical and Problem-solving skills.
- Strong Written and Verbal communication skills.
- Collaborative team player with the ability to adapt quickly to challenges.
- Results-driven mindset with a focus on meeting deadlines.
